

FASTER, SMARTER, STRONGER

We believe in constantly improving and developing new ways to deliver bespoke façade solutions to the New Zealand construction industry.

Reach out to us if you want an innovative engineered façade that closes buildings in faster, reduces waste, has fewer site trades and improves façade air and water-tightness.

Thermosash unitised prefabricated façade solutions maintain a high level of factory controlled build quality and are proven to save time on site.

Locally manufacturing, installing and standing behind our product since 1973
